

ALEX MORGAN

B.Sc. in Computer Science Student • Aspiring Software Engineering Intern

 alex.morgan@university.edu  (555) 019-2834  Seattle, WA  linkedin.com/in/alex-morgan

 github.com/alexmorgan-dev

Detail-oriented Computer Science junior with a strong foundation in data structures, algorithms, and full-stack web development. Proven hands-on project experience building scalable applications using React, Python, and Node.js. Seeking a Software Engineering Internship for Summer 2025 to apply technical problem-solving skills and contribute to impactful software products.

EDUCATION

University of Washington Expected Grad: May 2026
Bachelor of Science in Computer Science GPA: 3.82 / 4.00

- Relevant Coursework:** Data Structures & Algorithms, Web Development, Database Management Systems, Object-Oriented Programming, Computer Networks.
- Honors:** Dean's List (All Semesters), Tech Leaders Scholar.

TECHNICAL PROJECTS

SmartStudy - AI Flashcard Platform Oct 2024 – Dec 2024
Full-Stack Developer | React, Node.js, Express, MongoDB, OpenAI API

- Architected a full-stack web app that generates customized study flashcards from PDF notes using OpenAI's API, reducing deck creation time by 60%.
- Implemented JWT-based authentication and designed responsive React UI components.
- Deployed backend services to Render and frontend to Vercel with automated CI/CD pipelines.

Campus Event Finder App Jan 2024 – Apr 2024
Lead Developer | Python, Flask, PostgreSQL, Docker

- Developed a real-time event aggregation tool serving 500+ active student users.
- Optimized database queries with indexing, reducing page response latency by 35%.
- Containerized application microservices using Docker to streamline local testing and team workflows.

EXPERIENCE & LEADERSHIP

Computer Science Peer Tutor Sep 2024 – Present
UW Department of Computer Science Seattle, WA

- Conduct weekly tutoring sessions for 20+ undergraduate students in introductory Java and Python programming courses.
- Debug complex code snippets and mentor students on algorithm optimization and code style.

Vice President of Technology Aug 2023 – Present
Association for Computing Machinery (ACM) Student Chapter

- Organized annual 24-hour university hackathon with 200+ attendees and \$5,000 in sponsor funding.

TECHNICAL SKILLS

LANGUAGES

Python Java JavaScript
TypeScript C++ SQL
HTML/CSS

FRAMEWORKS & TOOLS

React Node.js Express
Flask Git Docker
PostgreSQL MongoDB

SOFT SKILLS

Problem Solving Teamwork
Technical Communication
Agile/Scrum

CERTIFICATIONS

AWS Certified Cloud Practitioner
Amazon Web Services (2024)

Meta Front-End Developer Specialization
Coursera (2023)

ACHIEVEMENTS

1st Place - UW Spring Hackathon
Built an automated accessibility scanner for course materials (2024).
